Minimum Requirements for Hall of Fame

For Deceased and Living Beaglers

To be considered for induction into the Hounds and Hunting Hall of Fame a beagler must meet these minimum requirements:

- 1) At least twenty years of participation in the organized sport of beagling.
- 2) Candidates must demonstrate a dedication to the sport by doing more than just entering dogs at trials (i.e., holding offices, managing successful kennels, and breeding programs, and stepping up to assist where there is a need).
- 3) Contribution to the sport. The people who make it happen in various ways, make it possible for others to have clubs and federations at which to compete.
- 4) Achievements, not just people who finish the most dogs but important to have had success in the sport. A candidate must demonstrate excellence in some or all of the facets of our sport. For example, breeding, field performance, judging, and club or association participation.
- 5) A candidate should demonstrate good character, someone who is gracious in defeat as well as victory. The candidate should be someone that promotes the sport in a positive light. Respect a person of high integrity who people look up to. Someone that has been devoted to the success and growth of the sport. Promoting and helping the youth of our sport is paramount for the success of our sport.
- 6) A candidate is someone who should display excellence and has earned the respect of the Beagling world.

This may be considered in many ways: as a performer in field trials, as a producing hound, either male or female. MOTION FORM

Club making motion: ___ Clearwater Beagle Club ___

This is an addition/change to the: By-Laws ___ Running Rules ___

Specify present rule being changed/added to (Example: Article #, Section)

___ Article #9 "National Derby Run-Off" ___

Proposed Motion:

Clearwater Beagle Club moves that the current date set forth in the bylaws (18th Calendar weekend of the corresponding A.K.C. dates) be amended to a later date in either the month of October or November. We will keep the Derby cut off birth date at July 1st (in accordance with AKC), and UBGF Derby Qualifying trials for the New Fall Runoff would be allowed until June 30th. The consistency points would have a final calculation date of June 30th.

This proposed change will be effective for the 2025/2026 Derby Season.

Comments Pertaining to Motion Change:

This proposed amendment would increase equal opportunity for hounds born later in the derby year (A.K.A short derbies), potentially increasing the number of entries and allowing time for clubs and members impacted by winter weather more opportunity for training their hounds- thus increasing participation. Additionally, a Fall Scheduled Trial grants more favorable running conditions for the hounds and the competitors. Favorable conditions include: cooler temperatures, less or no ticks and insects, higher visibility of the hounds for judging, and longer growing season for young rabbits, hopefully eliminating stress on the rabbit population and creating a more equal evaluation between packs.
